Muhammad Zeeshan

WordPress Developer | Elementor Pro & ACF | PHP & MySQL | Custom Plugins | Speed Optimization | WooCommerce | Open to Remote & Freelance Projects

Faisalabad, Punjab, Pakistan

Summary

WordPress Developer with 1.5+ years of professional experience building, optimizing, and maintaining high-performance websites for international clients. I currently work full-time as a WordPress Developer at TechtonicLtd a London-based digital agency where I build production websites, engineer performance solutions, and implement enterprise-grade security configurations daily. I'm also completing a BS Computer Science at Government College University Faisalabad (CGPA 3.5/4.0). **WHAT I DO** ✓ WordPress websites built with Elementor Pro, ACF, and custom PHP — responsive, pixel-perfect, and fast ✓ Custom plugin and theme development in PHP and MySQL tailored to specific client needs ✓ WooCommerce stores — product pages, checkout flows, and payment gateway integration ✓ Frontend development with HTML5, CSS3, JavaScript, Bootstrap 5, and jQuery ✓ Speed optimization — consistently delivering 97–98% Google PageSpeed scores ✓ Security hardening — Cloudflare WAF, zero-trust configuration, Wordfence, and .htaccess rules ✓ Full hosting setup — cPanel, Hostinger, SiteGround, SSL, domain configuration **LIVE PROJECTS** → techtonicLtd.com — Corporate website for a London-based digital agency (my employer) → machxdigital.com — Agency website, 97% PageSpeed score achieved → globalsportpartner.com — Custom HTML/CSS/JS frontend, 98% PageSpeed score → syphaxcoffee.com — WooCommerce e-commerce redesign **TECH STACK** WordPress · PHP · MySQL · Elementor Pro · ACF · WooCommerce · WPCode · LiteSpeed Cache · Wordfence · HTML5 · CSS3 · JavaScript · jQuery · Bootstrap 5 · Cloudflare · cPanel · Git · GitHub **OPEN TO** Remote freelance contracts · Part-time international collaborations · Full-time remote positions I'm based in Faisalabad, Pakistan (PKT — UTC+5), with availability that overlaps with UK mornings and US evenings. I respond fast, communicate daily, and deliver before deadlines. Feel free to connect or message me directly.

Experience

TechtonicLtd

Wordpress Developer

March 2026 - Present (4 months)

Faisalabad

WordPress Developer at TechtonicLtd (London-based digital agency), building and maintaining production websites for real clients with real deadlines.

- ✓ Build professional WordPress websites daily using Elementor Pro, ACF, and custom PHP
- ✓ Deliver 85–97% Google PageSpeed scores through LiteSpeed Cache, WebP images, deferred scripts, and OMGF local fonts
- ✓ Engineer enterprise-grade security: Cloudflare WAF, zero-trust routing, Wordfence, .htaccess hardening
- ✓ Develop custom PHP plugins and child themes for client-specific requirements
- ✓ Manage full deployment: cPanel, SSL, domain setup, backups, and uptime monitoring
- ✓ Convert design mockups into pixel-perfect, fully responsive Elementor layouts

Techo Solution

Web Developer

January 2025 - February 2026 (1 year 2 months)

Faisalabad

- ✓ Completed a WordPress internship on live client projects; promoted to Junior Developer within the contract period based on technical performance
- ✓ Built and maintained service websites using WordPress and Elementor, contributing to frontend development and plugin configuration
- ✓ Assisted with troubleshooting plugin conflicts, theme issues, and hosting-level errors across multiple client sites

Education

Government College University, Faisalabad

Bachelor's degree, Computer Science · (October 2024 - June 2028)
